

Michael Boulton appointed Managing Director International Whistl

09-03-2021

Whistl, the UK's leading logistics specialists in e-fulfilment, contact centres, mail, and parcels has promoted Michael Boulton to Managing Director International.

Michael has been with Whistl for six years in various sales and development roles and over the last few years has been part of the team driving the company's international growth and capabilities.

Most recently Michael developed and launched [Whistl's import customs clearance solutions](#) to seamlessly manage the import

of items to final delivery to the end recipient.

Whistl offers a range of import and export international services for business mail and parcel deliveries. It is also experiencing significant international growth from its ongoing investment in full-service e-commerce fulfilment.
