International Post Corporation

Certificate of Excellence awarded to two Swiss Offices of Exchange

23-03-2023

IPC Chief Operations Officer, Liam Oâ€™Sullivan, handed over an IPC Certificate of Excellence in the management and processing of international priority products to Zürich-Mülligen (letter mail) facility and the Zürich-Urdorf parcels facility on the 21st of March, who now hold a valid Certificate of Excellence until August 2025.

The IPC Certification of Excellence in the Management and Processing of International Priority Products has already existed for almost 25 years becoming an essential instrument to measure the quality of the international postal service. Today, we have a total of 22 offices of exchange with a valid Certificate of Excellence and 11 offices of exchange that are waiting for their certification assessment this year.
