

PostNord International UK and Metapack renew partnership to support UK retailers expanding to the Nordics

31-01-2025

As the leading company in the Nordic region, we are proud to provide the best delivery services that help businesses succeed internationally.

Direct linehaul

Retailers in the UK can take advantage of various delivery options, including same-day and next-day services, while customers in the Nordic area value fast and dependable deliveries.

Commerical export and import clearance

Shipping items across borders can be complicated. However, PostNord and Metapack make it easier for retailers in the UK. We help with customs clearance, allowing businesses to deliver products more quickly and remain competitive in the Nordic region.

Access to the Nordic delivery network

Retailers gain access to PostNord's extensive and trusted delivery network, the largest in the Nordics. This ensures quick, reliable

deliveries and the ability to reach more customers across the region.

One-label shipping solution

The single-label solution aids UK retailers in shipping parcels throughout the entire Nordic region with one shipping label. This minimizes errors and improves operations.

Enabling UK retailers for success in the Nordics

This partnership gives UK retailers a chance to make logistics easier, enhance delivery options, and grow their presence in the Nordics. By combining PostNord's logistics expertise with Metapack's innovative technology, businesses can achieve significant growth while meeting the needs of modern, eco-conscious shoppers.
