

Charlotte Svensson to leave PostNord

23-09-2019

Charlotte Svensson, who has been Acting Head of the Digital Products, Channels & Development Group unit since July 1 and has been a member of the PostNord Group management team since 2017, will leave the company and management team on October 31.

Since July 1, the PostNord Group country organizations have been responsible for the digital strategy in each respective market. During the fall, work has been carried out together with the individual country organization with the aim of defining the strategic digital agenda, focusing the development portfolio and concentrating the common platforms together in a single unit. Based on the analysis that has been conducted, the digital unit at the Group level is to be integrated into the Nordic Strategy & Solutions unit and Charlotte Svensson will leave PostNord.

“During her time in the Group, Charlotte has been responsible for both the former Communication Services business area, and thus the further development of our letter operations, as well as our portfolio of digital services. Since joining the Group, Charlotte has contributed to paving the way for us to be able to have a well-functioning letter business for many years into the future. I wish Charlotte the best of luck in her future career path,” says Acting President and Group CEO, Annemarie Gardshol.
