

## DPD group announces record year of growth and 5-year strategy

01-03-2021

DPD group reveals its 2020 results and announces its "Together & beyond" strategy for the next 5 years. Amidst the unprecedented COVID-19 pandemic, DPD group has become an essential ally in the delivery of vital goods for customers and businesses alike, resulting in a 42% increase in revenue growth compared to 2019.

2020, DPD group has broken all records, leading to incredible figures :

- €11 billion in revenue, a 42% growth vs. 2019
- 35% of Le Groupe La Poste's revenue originated from DPD group in 2020
- 1.9 billion parcels delivered worldwide, equivalent to 7.5 million per day (an increase of half a billion parcels vs. 2019)
- Record peak day of 13.9 million parcels handled worldwide on Cyber Monday (30 November 2020)
- More than half (55%) of the parcels delivered worldwide were B2C (+57% organic growth vs. 2019)
- Doubling of profits from 2019 (€800

million)

- Full integration of BRT in Italy and Jadlog in Brazil

DPD groupe through its strategy "Together & beyond" has a very clear objective for 2030, to become the international reference for sustainable delivery and the catalyst for the acceleration of e-commerce by relying on three pillars :

- Expanding core activities
- Accelerating initiatives
- Conquering new horizons

In terms of revenues, DPD group aims to double its incomes in 2020 to reach 21 billion euros in 2025.
